Welcome to **RPM Transport Solutions** **ABOUT THE UAE**

Since its formation, the UAE has witnessed tremendous development. With the discovery of oil and natural gas, both on land and in its waters, the UAE today has transitioned into a diversely productive economy that is based on internationally-emerging knowledge and future energy.

The UAE offers businesses a strong enabling environment with stable political and macroeconomic conditions, a future-oriented Government and an impeccable infrastructure. Moreover, the country has made continuous and convincing improvements to its regulatory environment and is ranked as one of the best countries in the world for doing business. The UAE is in the top ranks of several other global indices, such as the World Economic Forum's (WEF) Global Competitiveness Index (GCI), the World Happiness Report (WHR) and the Global Innovation Index (GII).

The largest Emirate of the United Arab Emirates, Abu Dhabi sits on 80% of the combined territory of the UAE. The Emirate of Abu Dhabi is home to the capital of the United Arab Emirates, and has a vast and extensive coast line.

Abu Dhabi as an Emirate has undergone a massive transformation of grand proportions, unprecedented economic growth and development saw the Emirate grow exponentially due to the vision of Abu Dhabi's wise leadership of His Highness Sheikh Khalifa bin Zayed Al Nahyan, the President of the United Arab Emirates, the ruler of Abu Dhabi and the Supreme Commander of the United Arab Emirates Armed Forces and His Highness Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the UAE Armed Forces.

QHSE STANDARDS

Q-HSE / Training & Development

QHSE is a vital constituent at **RPM Transport Solutions** for its day to day activities and in order to match internal and external KPIs. Maintaining world-class services and maintaining safe practices have been proven in our operational records by developing manuals and policies and procedures that are enforced by our expert staff. These procedures and manuals are followed strictly to the dot for every contract and each movement job.

Training & Development Cycle Include:

- DDC and training for all drivers are conducted every two years by recognized and authorized third party entities.
- Thorough internal training and service requirement sessions are held for drivers and supervisors.
- Training on HSE compliance is held on a quarterly basis to ensure adherence to safety standards.
- PPE is provided to our drivers and supervisors for maintaining professionalism and to be in-line with our HSE policy.
- Education of strong safety principles is delivered regularly to our drivers for KPI measurement and to report any incident along via proper channels.
- Drivers are educated through an internal training session to go through the vehicle checklists and to ensure all destination requirements are met before starting a trip.
- Journey management plans are applied to our day to day systems for record keeping and to ensure that all relevant journey data is made available to our client.
